South Carolina Public Service Commission

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,

Elena Carleo 709 S Kirkman St Liberty, NC 27298-3112 (336) 736-8339

Dear Public Service Commission,

Dear North Carolina Utilities Commission and South Carolina Public Service Commission,

Duke MUST quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Update your thinking. Keep it sound and long range! Think of yours and our children with every decision you make

South Carolina Public Service Commission

Dear Public Service Commission,

Duke should stop investing in dirty, expensive and risky energy like coal and nuclear, and actually invest in energy efficiency and the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,
